Dear Ms Gorman,

Please convey the following response to Mr Inglis:

The Chair of the Council on Ethics has asked me to reply on his behalf.

The Council is very grateful for the information Kosmos has provided. Given the substantial amount of information available, both from you and from other sources, the Council finds that it has received sufficient information in this case.

The Chairman appreciates your offer to meet with him. However, as it is not likely that such meeting will shed further light on the issues at hand, he feels that a meeting now would not be required.

Sincerely,

Aslak Skancke
